

# Swale- Drainage Around the Home

## PROBLEM

## SOLUTION

# GUTTER AND DOWNSPOUT INSTALLATION

## SLOPE

1/4" DROP PER  
10 ft

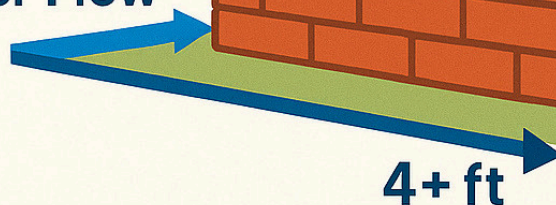

**HANGER  
PLACEMENT**  
EVERY 18-24

18-24'

**DOWNSPOUT  
POSITIONING**

20-40 ft

**Water Flow**

4+ ft

- Put extensions on the bottom of your gutter spout to get the water as far away from your house as possible
- Make sure you put your extensions back on when you are finished mowing the lawn!!!
- Keep your gutters clean!!!
  - Every fall
